

An Exemplary World Languages Student...

- Does not spend class time speaking, reading, listening or texting in English
- Demonstrates a high level of interest and “delight” in identifying connections between the L1 and L2
- Shows an awareness and interest in the culture of the L2
- Is not afraid to take a risk and try the L2
- Looks for opportunities to communicate in the second language - speaking it in and out of the classroom, reading, listening, and viewing through a variety of media (practice, practice, practice...)
